## STRATEGIC REPORT FOR THE SIX MONTHS ENDED 31 DECEMBER 2018

#### Formation of the business

White Bear Capital Limited was incorporated on 8 June 2016 and operates in the UK as the holding company of its wholly owned subsidiary, Blenheim Underwriting Limited (registration number: 10254215). Since year end, it has also become the holding company of two new wholly owned subsidiaries - White Bear Corporate Services Ltd and White Bear Managers Ltd.

## Purpose and principal activities of the Business

Blenheim Underwriting Limited ("Blenheim") was formed with the intention of providing underwriting services to Syndicate 5886, a syndicate at Lloyd's which commenced underwriting on 1 January 2017. The Syndicate is managed by Asta Managing Agency Limited ("Asta"). Blenheim was given Appointed Representative status (in accordance with section 39 of the Financial Services Markets Act 2000 "FSMA") by the Prudential Regulatory Authority ("PRA") on 16 December 2016. This means that, since this date, Blenheim has been able to provide certain Prescribed Regulated Activities (as defined in the FSMA) in respect of Syndicate 5886. These activities relate to insurance contracts and include underwriting services, claims handling services and administrative support to Syndicate 5886. These services are provided under a services agreement entered into with Asta.

The medium term aim of the Group is for Blenheim to become an independent Lloyd's managing agent in its own right and manage Syndicate 5886. The Group has therefore focussed on ensuring that the appropriate underwriting, claims and administration services are provided to Syndicate 5886 under Blenheim's authority as an appointed representative to Asta, whilst at the same time developing the business towards meeting the requirements of a Lloyd's managing agency. These requirements include having the requisite systems and procedures in place and meeting the minimum standards as set by Lloyd's.

#### Review of the business

Since 16 December 2016, White Bear Capital Limited's subsidiary, Blenheim Underwriting Limited, has provided underwriting services, claims handling services and administrative support to Syndicate 5886 in its capacity as an Appointed Representative to Asta. Syndicate 5886 commenced on 1 January 2017 with a stamp capacity of £150 million and wrote property treaty, direct property and contingency business for the 2017 Year of Account. Blenheim recruited underwriting teams to write these lines of business for Syndicate 5886.

During the twelve month financial period ended 30 June 2018, the stamp capacity of Syndicate 5886 was pre-empted to £180 million for the 2018 Year of Account. This was to enable the build out of the lines of business written during 2017 and also allow for the addition of an Accident & Health account and a Specialty Treaty account. Blenheim recruited the underwriting personnel to write these two new accounts.

During the six month financial period ended 31 December 2018, Lloyd's approved the business plan of Syndicate 5886 for the 2019 Year of Account which included a pre-emption to £215 million. This was to enable the build out of the lines of business written during 2017 and 2018, particularly in relation to the Direct Property and new Specialty Treaty accounts.

Although no new underwriting teams were recruited in the six month financial period ended 31 December 2018, Blenheim has continued to build out the requisite infrastructure, systems and processes of the Company to support the existing business and also any future business of Syndicate 5886.

FOR THE SIX MONTHS ENDED 31 DECEMBER 2018

## Review of the business (continued)

In June 2018, Blenheim made an application to Lloyd's to seek "Approval in Principle" to become a Lloyd's managing agency. This application was considered by Lloyd's in July 2018 and deferred to a future date.

The Group declared a profit after tax of £0.8 million for the current six month financial period (£0.3 million for the prior financial year). This result is set out in the Consolidated Statement of Comprehensive Income on Page 13 of these financial statements.

The Group's turnover is analysed in Note 4 of these financial statements and consists of overrider fees from Names participating on Syndicate 5886 and fees for expenses recharged to Syndicate 5886.

### Overrider fees from Names to Blenheim

Names participating on Syndicate 5886 have agreed to pay overrider fees to Blenheim. These fees are recognised when they are considered to be reasonably certain to be receivable.

Those Names with unlimited tenancy rights agreed to pay Blenheim an initial overrider fee by 31 December 2016. In addition, all Names (both with limited and unlimited tenancy rights) agreed to pay Blenheim overrider fees for the following five years on an instalment basis, although certain Names elected to pay all their instalments upfront.

For the six month financial period to 31 December 2018, the Group recognised £2.0m of the overrider fees (£2.1m for the twelve month financial year to 30 June 2018).

### Fees to Blenheim for expenses recharged to Syndicate 5886

Blenheim recharges expenses it incurs but which relate to Syndicate 5886 under a services agreement it has entered into with Asta. These fees are recognised as the expense is recognised and amounted to £4.1m for the six month financial period to 31 December 2018 (£7.2m for the twelve month financial year to 30 June 2018). As the Syndicate grows, the level of services provided by the Group each month has increased resulting in additional monthly fees.

## Other income

Blenheim receives fees as a consortium manager and these amounted to £14,000 for the six month financial period to 31 December 2018 (£nil for the twelve month financial year to 30 June 2018).

## Expenses & corporation tax

Expenses of £5.1m were incurred in the six month financial perod, consisting mainly of employee and IT costs. Further analysis of employee costs are set out in Note 9. The Group was also subject to corporation tax of £0.2m on its profits.

## STRATEGIC REPORT FOR THE SIX MONTHS ENDED 31 DECEMBER 2018 Continued

### Review of the business (continued)

#### Balance sheet

The consolidated assets of the Group as at 31 December 2018 consisted of cash of £3.0m, debtors due within one year of £9.2m and some fixed assets. The liabilities of the Group consisted mainly of accruals and deferred income. All debtors and creditors are deemed to be current.

The Group's financial statements are relatively straightforward and there is a limit to the level of Key Performance Indicators that can be used. Nevertheless, monitoring the liquidity and underlying profitability of the business are considered essential and accordingly the following key performance indicators are used to do this:

	Six Months	Twelve Months
	Ended	Ended
	31 December 2018	30 June 2018
Current Ratio (current assets / current liabilities)	5.4 x	5.6 x
EBITDA	£1,058k	£412k

The current ratio provides an indication of the current assets (less than one year) available to meet the current liabilities (less than one year). EBITDA is defined as Earnings Before Interest, Tax, Depreciation and Amortisation and is a widely used indicator in business for assessing the underlying earnings of the business.

The EBITDA for the six month period to 31 December 2018 is much higher than for the twelve month period to 30 June 2018. As noted earlier, the overrider fees are recognised when the fees are considered to be reasonably certain to be receivable. This is at 31 December of each year when the following year of account has been agreed with Names. Accordingly, the overrider fees for both the six month period to 31 December 2018 and the twelve month period to 30 June 2018 are very similar despite the financial period being of different lengths. This has been the main reason for the EBITDA for the six months ended 31 December being much higher than for the comparative period. Although the fees for expenses recharged to Syndicate 5886 are lower for the six months ended 31 December 2018, than the year ended 30 June 2018, this has no impact on the EBITDA as the expenses are recharged at cost.

### Principal risks and uncertainties

All businesses face risks and uncertainties. The Directors consider the following areas to be the principal risks and uncertainties of the Group:

### Regulatory and compliance risk

Blenheim's approval as an Appointed Representative of Asta is subject to continuing approval by both Lloyd's and the PRA. Should this approval be revoked, Blenheim (and the hence the Group) would be unable to provide any underwriting, claims handling or administrative services to the Syndicate. This risk is mitigated by the monitoring of, and full compliance with, all requirements in relation to Appointed Representatives.

# STRATEGIC REPORT FOR THE SIX MONTHS ENDED 31 DECEMBER 2018 Continued

### Principal risks and uncertainties (continued)

In addition to the above, Blenheim's aim is to become an independent Lloyd's managing agent. To do this, Blenheim will need to ensure, and demonstrate, that it can meet all the regulatory requirements of a Lloyd's managing agent. Should this not be achieved, Blenheim will be unable to be an independent Lloyd's managing agent. This risk is mitigated by developing the necessary infrastructure (systems and reporting), implementing the necessary policies and procedures, and employing the relevant people to do this.

### Operational risk

The Group is exposed to operational risk which may result in losses to the business due to factors such as inadequate systems, management failure, inadequate controls, fraud or human error. This risk is mitigated through a system of internal controls, regulatory compliance and directors operational oversight.

## Liquidity risk

The Group manages its cash and funding requirements to ensure it has sufficient liquid resources to meet the operating needs of the business.

## Credit risk

The Group is exposed to credit risk from counterparties during the normal course of operations and counterparty exposure in respect of cash deposits held at financial institutions which have a minimum long term rating of A-. Counterparty exposures are monitored regularly.

## Market risk

Britain was expected to exit the European Union on 29 March 2019 ("Brexit") and this deadline has now been extended to 31 October 2019. Accordingly, there is continued uncertainty as to how Brexit will occur and the subsequent impact from it.

Although the Group itself has no European income, it provides underwriting and claims services to Syndicate 5886 which does underwrite a small amount of EEA business and Brexit could therefore impact the income of the Syndicate. Lloyd's established an office in Brussels to help mitigate this risk for the Lloyd's market and the Group has used this platform where possible for transacting Syndicate 5886's EEA business.

Although the uncertainty surrounding Brexit has had no significant impact on the Group itself so far, it could yet be affected indirectly by Brexit, for example if the economy enters into recession. Accordingly, the Directors continue to monitor Brexit and its potential implications.

### Future development of the business

The Group continues to ensure that the appropriate underwriting services are provided to Syndicate 5886 under its authority as an Appointed Representative of Asta. Despite the deferral by Lloyd's of the Group's application to seek "Approval in Principle" to become a Lloyd's managing agency, the Group continues to develop the business towards meeting the requirements of a Lloyd's managing agency.

Despite another wave of catastrophe losses during 2018 and another set of poor results in the market, the catastrophe market's response was once again lacklustre. While the syndicate continues to trade in a challending market, there are signs of real improvement as an increasing number of competitors are now exiting or reducing their underwriting in certain classes of business. This is by no means a universally hard market, but there are significant areas of opportunity now evident to the selective underwriter.

The Group's underwriting teams will continue to develop their client and broker relationships and focus on writing business where it is believed to be profitable to do so.

The market continues to see various corporate transactions and other turmoil resulting in some talented individuals in the marketplace deciding they wish to leave their current employer and either set up their own business in the market or join a smaller business. This provides the Group with the opportunity of attracting these individuals (and their associated books of business) to the Group to the extent that it believes they would fit in with the lines of business it would wish to be associated with.

In line with this, since the year end, the Group formed two new subsidiaries - White Bear Managers Ltd and White Bear Corporate Services Ltd. White Bear Managers Ltd has been formed to provide insurance underwriting and advisory services and has applied to the FCA for the requisite approvals. White Bear Corporate Services Ltd has been formed as the group's payroll subsidiary.

In addition, since the year end, the Group has issued 265 ordinary shares to employees of the Group. Further details are set out in Note 15.

In preparing these financial statements, the Directors are required to:

- · select suitable accounting policies for the Group's financial statements and then apply them consistently;
- · make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Group will continue in business.

If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs(UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

A further description of our responsibilities for the audit of the consolidated financial statements is located on the Financial Reporting Councils website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.
